U.S. BANKRUPTCY COURT
E.D. MICHIGAN-DETROIT

RE: Case 13-53846
Claim 544

Clerk of Court:

This is my written response to the Cities objection to claims in your ruling on their above cited case. I do oppose their objection for the following reason:

My claim is for pension #121866 from the Detroit Police and Fire Pension Bureau for my years of employment by the Detroit Police Department, and the medical benefits that your Court ruled we could still receive.

The supporting documents that the City claims were missing can only be found in the City's computer system.

Please advise me as to what I should do now, as retaining counsel to go after a dead-beat entity isn't a good economic move.

On Page 5, Par. 21 of your order, the bottom line, highlined in yellow, it states "This debtor's objection shall have no effect on pension claims or retiree health claims."

On the Page Exhibit 3 "Declaration" of John Maglick. He in #1 states he has personal knowledge of the facts set forth herein. If he doesn't even know enough to know what my claim was for, and filed this action without making an effort to find out before filing the action, he certainly should be cited for perjury.

The City knows where I am as each month they send a "notice of Pension Deposit" to my bank account.

If you find my pension and healthcare claims were valid, and the City just threw a stink bomb at me and other claimants, it seems that justice would be best served by holding off on the relief the City is now asking for until the City is forced to investigate each and every one of them and then file a meaningful objection. If you grant them the relief they ask for, some other 80 year old retiree will suffer irreparable harm resulting from having what is left of their pension canceled.

Respectfully,

Larry Hurwitz
